Amendment to the Specification

Applicants have amended the specification to replace the Attorney docket number of a referenced patent application with a U.S. patent application serial number.

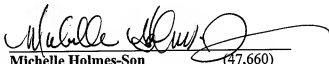

The amendment introduces no new matter.

Application Papers ~ Informality

The Notice to File Corrected Application Papers requires Applicants to amend page 90 at line 13 of the specification by replacing a reference to a patent application by Attorney docket with a U.S. Serial Number. The amendment to the specification corrects the specification as required by the Notice.

Respectfully submitted,
